RESOLVED by the Local Agency Formation Commission of Santa Clara County, State of California, that

WHEREAS, a proposal by District Resolution for an amendment of the Santa Clara County Central Fire Protection District's Sphere of Influence to include Area 7 (approximately 195 acres) and annexation of Areas 1, 2, 3, 4, 5, 6, 7, and 8 (approximately 20,776 acres) located west and south of the Cities of Cupertino, Saratoga, Monte Sereno, and Los Gatos in the unincorporated County to the Santa Clara County Central Fire Protection District was heretofore filed with the Commission; and

WHEREAS, the Executive Officer has reviewed the proposal and prepared a report, including her recommendation, the proposal and report having been presented to and considered by this Commission; and

WHEREAS, the subject territory is inhabited, has less than 100% consent of the affected landowners, and is subject to protest proceedings; and

WHEREAS, LAFCO, on June 13, 2001, delegated authority to the Executive Officer to conduct protest proceedings and perform any functions otherwise required of the Commission in regard to its responsibilities as a conducting authority; and

WHEREAS, this Commission as a Responsible Agency has complied with the California Environmental Quality Act (CEQA) incident to its consideration of this request, as described below; and

WHEREAS, the Board of Directors of Santa Clara County Central Fire Protection District, at its meeting on April 13, 2010, adopted Resolution No. 2010-207 in support of this sphere of influence amendment and annexation;

The activity is covered by the general rule that CEQA applies only to projects, which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

Santa Clara County Central Fire Protection District SOI Amendment and Annexation 2010-01

SECTION 2:

1. The Commission hereby approves the amendment of the Santa Clara County Central Fire Protection District's Sphere of Influence to include Area 7 (approximately 195 acres of unincorporated lands) and adopts SOI determinations (Exhibit "C").

EXHIBIT "C"

Santa Clara County Central Fire Protection District SOI Amendment and Annexation 2010-01

SPHERE OF INFLUENCE DETERMINATIONS

1. Present and planned land uses in the area, including agricultural and open-space lands

Present land uses in Area 7 are rural residential/estates, vineyards, and open space. One parcel (APN: 562-11-016) is under a Williamson Act Contract. Under the existing County of Santa Clara policies, this area will remain non-urban in character and predominantly in rural residential, agricultural, and open space uses.

2. Present and probable need for public facilities and services in the area

Area 7 consists of approximately 195 acres of unincorporated lands. The area is remote and is expected to remain non-urban in character under the County's Policies. Fire protection and emergency medical service needs in the area are expected to hold constant in the future.

3. The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide.

Area 7 is currently served by the CFPD's Redwood Fire Station as the closest fire protection & Advance Life Support services provider. Depending on the call type, neighboring service providers may also be dispatched. The District will serve Area 7 using its existing facilities and excess capacity. The present capacity of public facilities and provision of service appears to be adequate.

4. Existence of any social or economic communities of interest in the area, if LAFCO determines that they are relevant to the agency.

Area 7 is located in a remote part of unincorporated Santa Clara County and adjacent the Santa Cruz County boundary. There are no specific social or economic communities of interest in this geographic area that are relevant to the proposal to expand the sphere of influence of the District.

5. The nature, location, extent, functions and classes of service to be provided.

The District provides fire protection services, emergency medical service response, hazardous materials response, technical rescue response, arson investigations, public education, communication/dispatch, training, fire code and law enforcement, engineering services, vehicle/fleet maintenance services, and regional incident command resources.
