7. AUDIT AND SERVICE REVIEW OF THE EL CAMINO HOSPITAL DISTRICT DRAFT REPORT

Chairperson Constant informed that the Commission will take no action on the Audit and Service Review of the El Camino Hospital District (ECHD) Draft Report at the meeting. He then disclosed that he had a phone conversion with Wes Alles, ECHD Board member, relating to this item. Commissioner Wasserman likewise announced that he met with John Zoglin, Chairman, ECHD Board of Directors; Commissioner Abe-Koga informed that she had a meeting with Tomi Ryba, CEO, ECHD; and, Commissioner Wilson reported that she met with Mr. Alles and Barbara Avery, Director for Community Benefit, ECHD.
Ms. Palacherla presented the staff report and stated that comments on the Draft Report received by June 22, 2012 would be considered in the preparation of the Revised Draft Report which will be available to the public by mid-July 2012, and that LAFCO would hold a public hearing to consider adoption of the Final Report on August 1, 2012. She provided an overview of the service review process and informed that comment letters were received from ECHD and from Santa Clara Valley Medical Center.

Steve Foti, Principal and Project Manager, Harvey Rose Associates, provided a PowerPoint presentation on the Draft Report and its recommendations.

This being the time and place for the public hearing, Chairperson Constant declared the public hearing open.

Wes Alles, ECHD Board member, urged the Commission not to adopt the Draft Report’s recommendations on corporate restructuring and dissolution. He stated that the County Board of Supervisors recognized El Camino Hospital for its collaboration with Valley Medical Center. He said that the existing governance structure, with elected board of directors and publicly accessible financial reports, agenda and minutes on their websites, provides positive results. He stated that the ECHD is open to dialogue to discuss solutions.

Barbara Avery, Director for Community Benefit, ECHD, stated that change in governance structure or dissolution would negatively impact vulnerable members of the community. She then discussed the process for distribution of community benefits.

Craig Goldman, Superintendent, Mountain View Whisman School District, urged the Commission to oppose the recommendations in the Draft Report, stating that the ECHD grants enable his school district to provide school nurse services, counseling and crisis intervention. He said that changes to ECHD’s governance structure would negatively impact vulnerable members of the community.

Todd Hansen, Chief Operating Officer, Health Trust, a Santa Clara County public benefit corporation, urged the Commission not to adopt recommendations from the Draft Report, stating that this would disrupt community benefit grants and the delivery of vital health programs.

Judy van Dyck, a resident of Los Altos, stated that market competition and financial difficulties in the 1990s prompted the creation of the non-profit corporation. She noted that the governance structure is working well and the residents are content with the medical care that they receive.

Greg Caligiri, Partner, Cox Castle Nicholson, and counsel for the ECHD, stated that the Draft Report’s mandate for the District and the Corporation to restructure governance or face dissolution is unwarranted because there is no finding of impropriety and no District funds were used to acquire and operate the Los Gatos campus. He stated that the recommendations are legally problematic. He noted that if these were implemented, community benefit program would be lost and the District would lose control of its hospital in Mountain View. He informed that the CKH Act does not provide authority to the Commission to restructure or dissolve the District which was created by the voters. He stated that if the Commission adopts the report’s recommendations the District
would either have to give up its enumerated powers or must challenge the LAFCO
decision. He requested the Commission not to adopt recommendations on corporate
restructuring or the dissolution findings.

Kary Lynch, El Camino Hospital employee, expressed support for greater transparency,
stating that the budget is prepared behind closed doors and it is unclear whether actions
are being taken by the District or the Corporation. He expressed support for the
recommendations for improving governance transparency. He added that he does not
favor dissolution.

Ben Field, South Bay Labor Council, stated that the Draft Report sheds light on serious
governance problems at the District. He stated that contrary to what previous speakers
had indicated, the Draft Report found that ECHD is providing much less community
benefits compared with the other hospitals. He added that ECHD should increase
community benefits and that the ECHD Board must comply with the Brown Act.

Dennis Chiu, Santa Clara County Planning Commissioner, Sunnyvale Housing and
Human Services Commissioner, former Vice President for Asian-American Community
Service, and a resident in the district, expressed support for the report’s
recommendations stating that the acquisition of the Los Gatos hospital has changed the
District’s mission and so the recommendation for dissolution is necessary. He stated that
the District must increase community benefit assistance to school districts and non-
profits.

Chairperson Constant determined that there are no members of the public who wished
to speak on the item and ordered the public hearing closed.

Chairperson Constant announced that there would be more discussion at the next
LAFCO meeting. He noted that the study is being done in response to accountability
and transparency concerns. He stated that the District receives a portion of property
taxes that would otherwise go to the cities and school districts. He added that there is a
different dynamic when residents who are specifically paying taxes to the District are
receiving the same level of service as those living outside its boundaries.

Commissioner Wasserman noted that the May 29, 2012 letter from Mr. Caligari did not
address the recommendations in the report and requested that the ECHD prepare a
response to Recommendations 1a through 1f prior to the next LAFCO meeting. In
response to an inquiry by Commissioner Abe-Koga, Mr. Foti advised that the Gann
Appropriations Limit Act restricts the amount of expenditures that jurisdictions can
make based on several factors; however, certain types of expenditures like capital
improvement and debt service are exempt. He reported that analysis shows that ECHD
funds were designated for capital improvement. He also noted that there are questions
on whether or not that limit applies to health care districts. In response to a follow-up
inquiry by Commissioner Abe-Koga, Mr. Foti informed that the District was
transferring monies to the Corporation designated for capital improvement without the
associated capital improvement plans. He also cited a document notifying the ECHD
Board that these must be expended on capital improvements in order to avoid violating
the Gann limit. In response to a follow-up inquiry by Commissioner Abe-Koga, Mr. Foti
informed that the reference was not to automatic payment of voter-approved general
obligations bonds but to a portion of the one percent property tax. In response to an inquiry by Commissioner Wilson, Ms. Palacherla advised that public comments will be accepted up to August 1, 2012; however, comments received by June 22, 2012 will be considered in the preparation of the Revised Draft Report which will be released by mid-July 2012.

Chairperson Constant announced that the Commission does not need to act on this issue at the August 1, 2012 meeting if LAFCO members need more information. He also noted that the websites of the District and the Corporation can now be distinguished from each other.
